

May 4, 2009

Dear Families:

We want to thank you for taking the time to share your thoughts and concerns during this current health situation. We, too, are following the media reports and latest information from local, national, and international health organizations.

As previously shared with you in our letter last week, we have instituted stringent precautionary measures at all our centers and schools to ensure the safest health conditions for our enrolled families and staff, and we are confident that you are doing the same at home and at work.

Here are the proactive steps we are taking in our centers and schools across the Country:

- During the next few days, our child care centers and schools will be cleaned and sanitized, over and above our thorough regularly scheduled daily routine;
- Hand sanitizers will be provided in the lobby area of each center/school; all parents, staff and visitors will be required to sanitize their hands prior to entering the classrooms;
- Vigilant hand washing procedures will be in place for teachers and children;
- Sanitization of toys, equipment and all surfaces will be increased;
- Staff meeting/training on awareness of potential infection exposure and appropriate preventative measures will take place;
- Daily screening of children will be conducted to assess potential symptoms;
- Children displaying any symptoms will be isolated from their peers, and parents will be required to pick up their child (children) immediately.

We realize that you have to work and depend on us to care for your children. The Family of Mini-Skool Early Learning Centers is committed to providing a safe, healthy environment for your children, today and every day. Our centers and schools will continue to maintain normal operating hours so that you and your children can continue your daily routines.

As we go through the next several days together, please remember that we will make every effort to ensure the health and safety of your children and our staff, and thank you for your support and understanding.

Sincerely,

Brian Wright, COO  
The Family of Mini-Skool Early Learning Centers
